

MUHAMMAD REZA NUR FAUZI

System Analyst • Backend Engineer • AI Enthusiast

Bandung, Indonesia • (+62) 898-8090-008 • mrezanurfauzi@gmail.com • amisiroo.my.id • github.com/amisiroo

PROFESSIONAL SUMMARY

System Analyst and Software Engineer with strong hands-on software engineering background and an academic degree from **Institut Teknologi Bandung (S1 Sistem dan Teknologi Informasi)**. Experienced in analyzing complex existing architectures, modeling end-to-end business workflows using **BPMN 2.0 (Camunda Modeler)**, conducting static code analysis with **ANTLR v4** (call graph and Kafka topic event mapping), managing enterprise **Salesforce CRM** environments, and engineering microservices with **Java 17 Spring Boot** and **PHP Laravel**. Committed to technical rigor, system reliability, and leveraging AI workflows to drive high operational execution.

PROFESSIONAL EXPERIENCE

PT. AGANSA PRIMATAMA

Bandung, Indonesia

IT Technical & System Integration — Office of Strategic Management (OSM) Department

Aug 2026 – Present

- Spearhead system administration, workflow management, and operational user governance for corporate **Salesforce CRM**, aligning strategic business processes across corporate divisions.
- Oversee enterprise web architecture, server infrastructure maintenance, and technical system integration across internal digital platforms.
- Architect and automate strategic operational data pipelines under the Office of Strategic Management to eliminate organizational bottlenecks and enhance executive decision velocity.

PT. PADEPOKAN TUJUH SEMBILAN

Bandung, Indonesia

System Analyst — Loan Origination System (LOS) Phase 2

Dec 2025 – Jun 2026

- Analyzed the existing Loan Origination System (LOS) Phase 2 architecture to evaluate end-to-end credit financing workflows, business validation rules, and technical dependencies.
- Mapped application logic and microservices communication by performing static code analysis using **ANTLR v4** to construct function call graphs and map distributed **Apache Kafka** topic event streams.
- Documented database persistence patterns, repository layers, and query behaviors in **SQL Server** to evaluate transactional consistency and integration logic.
- Modeled **30+ BPMN workflow diagrams** using **Camunda Modeler**, translating legacy financing procedures into standardized, automated process orchestration.
- Conducted comprehensive AS-IS / TO-BE gap analysis between existing implementations and BPMN-based architecture to establish migration plans and mitigate technical risks.
- Collaborated with software developers, product stakeholders, and business teams to ensure complete alignment between technical architectures and enterprise financing requirements.
- Developed supporting backend services and REST APIs using **Java 17 and Spring Boot** within a distributed microservices environment.

PT. FOOM LAB GLOBAL

Jakarta, Indonesia

Software Engineer — Omnichannel Platform

Jul 2022 – Oct 2022

- Developed core web application features using **PHP Laravel and MySQL** for an enterprise omnichannel commerce platform.
- Integrated e-commerce platforms, corporate ERP systems, and third-party logistics APIs to automate real-time order processing, inventory synchronization, and airwaybill tracking.
- Engineered backend business logic and API integrations to improve cross-platform commerce operations and eliminate manual data handling errors.

CORE TECHNICAL SKILLS

System Analysis & Design:

Requirements Engineering, BPMN 2.0 (Camunda Modeler), ANTLR v4 Parser & Call Graphs, AS-IS / TO-BE Gap Analysis, SRS Documentation, Service Communication Mapping.

Backend & Architecture:

Java 17, Spring Boot, Apache Kafka, Node.js, Express.js, PHP Laravel, RESTful API Architecture, Microservices.

Database Systems:

SQL Server, PostgreSQL, MySQL, MariaDB, MongoDB, Query Optimization, Database Persistence Audit.

Enterprise Platforms & Tools: Salesforce CRM, Camunda Modeler, DBeaver, Postman, Git / GitHub, VS Code, Figma, Adobe Illustrator.

EDUCATION

Bachelor of Science in Information Systems and Technology (S1 STI) 2019 – 2025
Institut Teknologi Bandung (ITB) — Bandung, Indonesia

HONORS, AWARDS & CERTIFICATIONS

2nd Runner Up (3rd Place) — AIS Competition 2021 • Telkom University (Mobile UI/UX Design) 2021
Certified UI/UX Designer (Batch 28) • Sanbercode Bootcamp (Certificate No. 27904/164/BDG/P-SNBR/CODE/2021) 2021

LANGUAGES

Bahasa Indonesia: Native Proficiency | **English:** Professional Working Proficiency
